Experience Management

Leverage data to improve experience – for the people we serve, and the employees who power organizations.

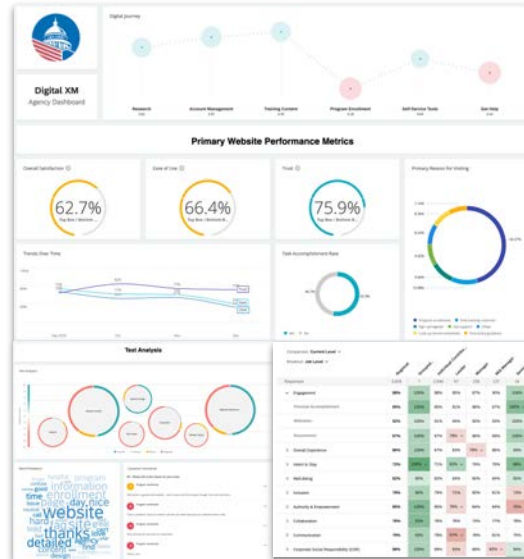

1 LISTEN

Collect data and feedback from stakeholders across any channel

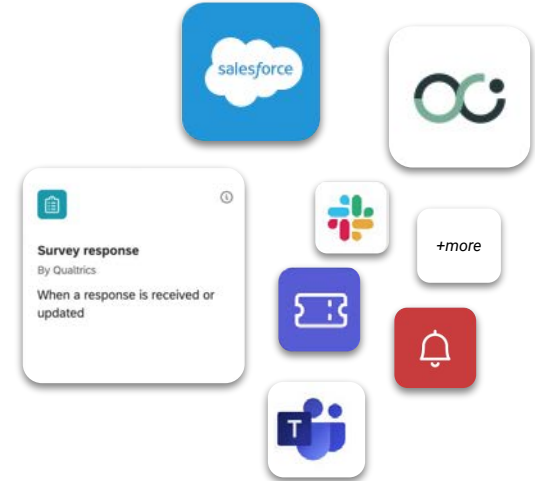

2 UNDERSTAND

Analyze structured and unstructured data through dashboards and advanced analysis

3 ACT

Distribution of insights, ticketing, integrations, and closed loop feedback

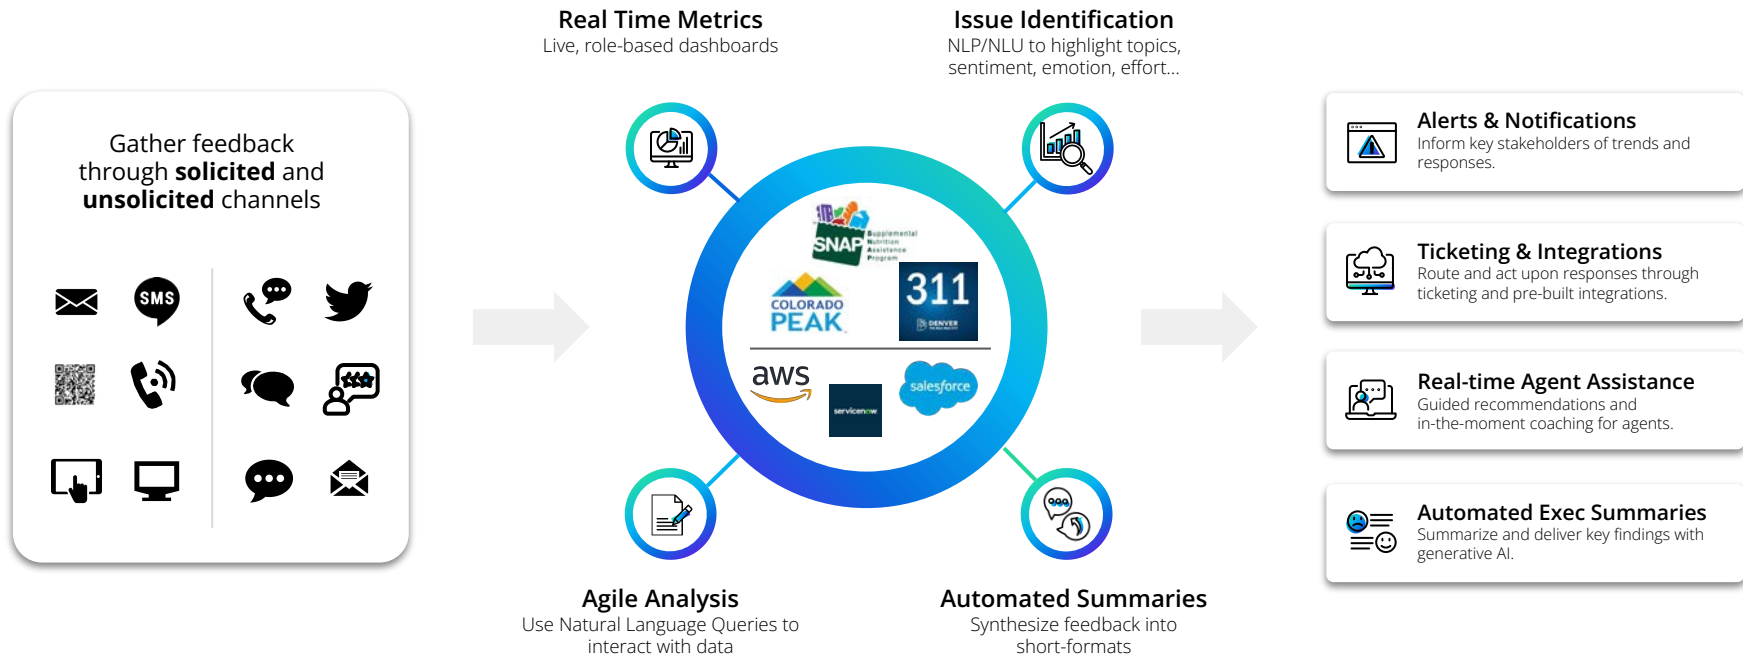

We ask a lot of government.
Efficient but not costly
Responsive but not too risky
Personalized but built for
everyone

Efficient but not costly
