AODOCS

Content. Evolved.

AODocs is a cloud content management platform designed to modernize the way you work.

Welcome to the Future of Business

Replace Outdated Legacy Systems

Save on infrastructure and administration costs by securely migrating to the cloud. Now, you can shut down outdated legacy systems, such as Lotus Notes, SharePoint, and FileNet, for good.

Take Control of Business Content

With simple, centralized ownership and granular permissions, control your files throughout the content lifecycle. From creation to disposal and everything in between, significantly reduce human error and misuse.

Redefine Business-Critical Processes

With just a few clicks, configure business-critical workflows. Then, seamlessly connect your processes to your existing ERP, CRM, PIM, and ECM systems to further increase efficiencies.

Rethink Your Business Applications

AODocs helps every department within an organization, across all industries.

Our modern, Google-driven user interface provides the perfect foundation to deliver rapid Return on Investment (ROI) and enhanced compliance for regulated industries, and to power your organization's digital transformation.

Core Components

Organizations can quickly and easily improve all aspects of their content management — from the updated, modern user experience and adoption to integrated electronic signatures to in-built records management and compliance capabilities.

AODocs is the platform to evolve the way you think about content.
